 Al-Fayoum, Fayoum

### PROGRAMMING SKILLS

- C++
- ABAP
- SQL
- PHP (Laravel)

### INTERESTS

- gaining experience
- gaining skills

### EXPERIENCE

•C++  
-Oop  
-Data Structure  
-Algorithms  
Has solved more than 75 problems on code forces with ICPC O6U COMMUNITY

•Backend developer ( laravel )  
programming language php  
using oop in projects  
using phpmyadmin for data base  
simple projects ( to do app, ecommerce)

•Programming in ERP  
MY KNOWLEDGE ABOUT ABAP:  
- Create and Selecting data from database tables and Display OR Modify it  
- Append or include structures  
- Defining selection screen  
-displaying and hiding screen elements dynamically  
- calling programs via selection screens  
- Standard ALV Reports using reuse library:  
List & Grid display / Block display / Hierarchical sequential display  
- Smart forms  
- interactive forms by Adobe

•Data Base Using SQL  
Full crud, join, UML,.....

### EDUCATION HISTORY

**Studied at October 6 University**  
**faculty of computer science**

- Jupiter2000
- Huawei ICT
- Smart technology
- GDSC Flutter mobile applications
- EraaSoft

### CERTIFICATIONS

#### **Huawei certification**

Institution : Huawei certification HCIA-Big Data  
2021

#### **Jupiter certificate**

Institution: programming in ERP "ABAP"  
2022

#### **EraaSoft certificate**

Institution : Back end (Laravel)
